

# REPORT ON PUBLIC LAND MOBILIZED FOR INVESTMENT

## I. MOBILIZATION OF LAND FOR INVESTMENT (EXCLUDING AGRICULTURAL PARTNERSHIPS)

The mobilization of (SPD) "State's private domain" is carried out in accordance with the provisions of Article 82 of the Royal Decree of April 21<sup>st</sup> 1967 on the General Regulations of Public Accounting, as supplemented and amended, by means of authorizations for the sale or lease of land in the State's private domain.

The procedures for processing and approving applications for the transfer and/or lease of State-owned land are governed by the provisions of Law 47.18 "on the reform of the Regional Investment Centers and the creation of the Unified Regional Investment Commissions". These are now considered the only decision-making and coordinating bodies for the action of the administrations in charge of investment at the deconcentrated level.

### 1. Global data

Under the first half of the year 2021, a total area of about 158,365 Ha (excluding agricultural partnership) has been mobilized for the various sectors to ensure the implementation of 219 projects, to drain a total investment of about 267.63 MMDH and generate the creation, eventually, of 15,629 jobs expected.

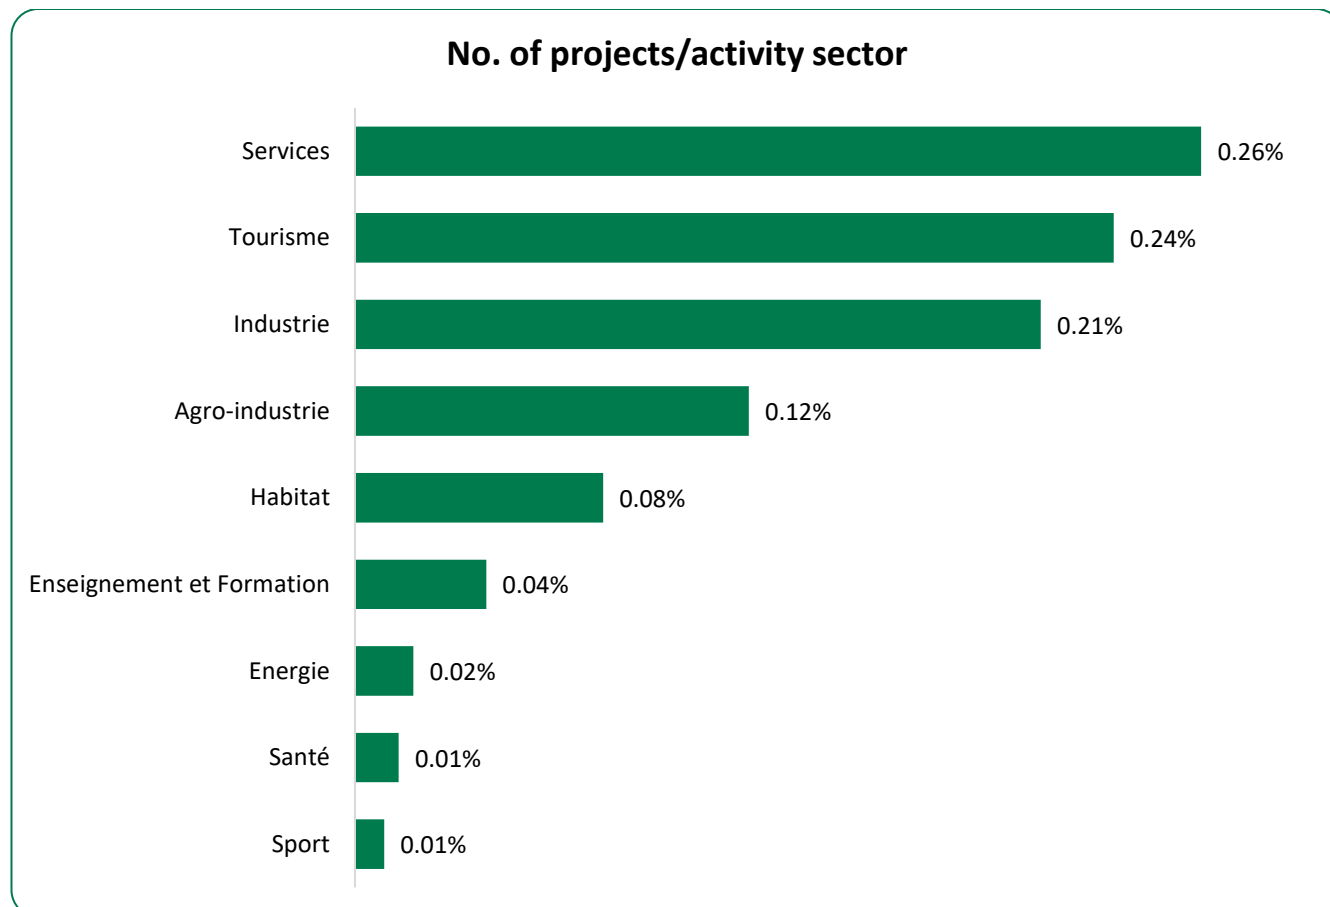

1st semester 2021	N° of projects	Mobilized area	Projected investment (dh)	Expected job
	219	158.365ha30a78ca	267.628.292.212	15.629

### 2. Breakdown by Plan

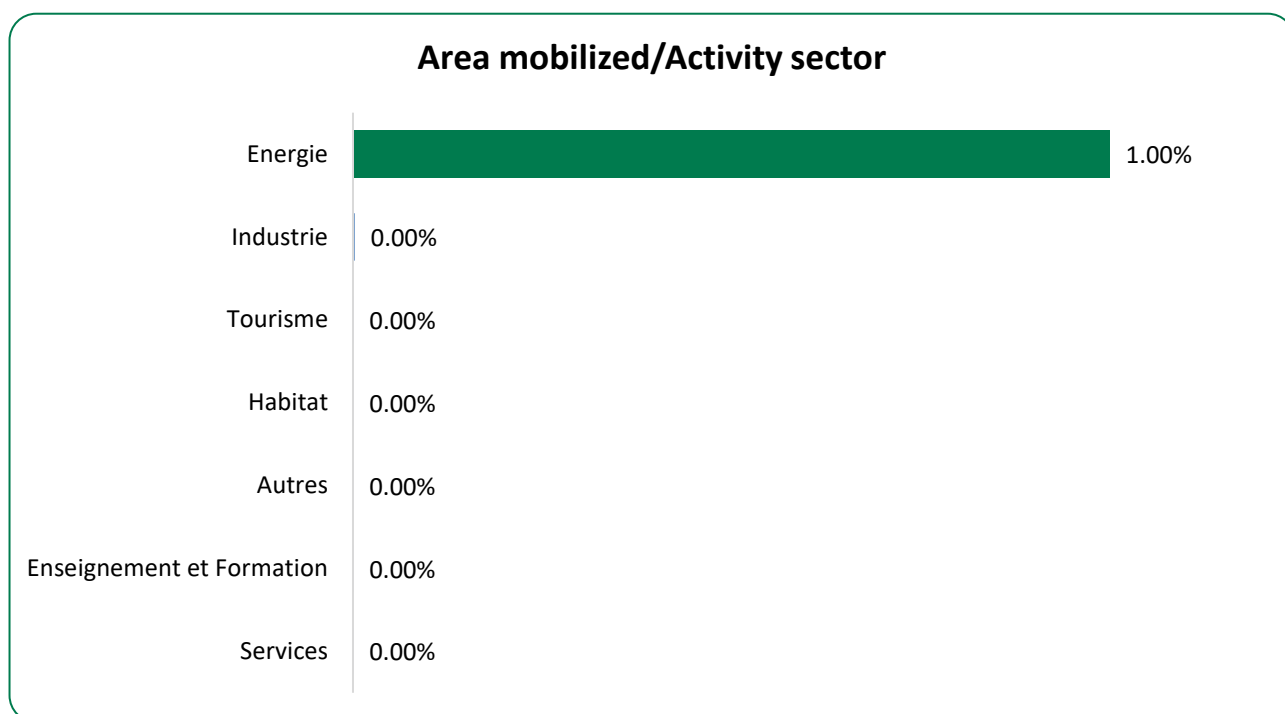

- 99% of the projects approved within the framework of the Decentralized Management of Investments, concentrating more than 99% of the global mobilized surface, having to drain a projected investment of the order of 258,5 MMDH and to generate the creation of 14.099 expected jobs.
- Only one investment file examined within the framework of the Non Conventioned regime, benefiting from approximately 0.64% of the total mobilized area.
- Only one investment file approved within the framework of the Conventioned regime, concerning a land of 56 Ha, that is to say 0,04% of the global mobilized surface

### 3. Breakdown by sector of activity

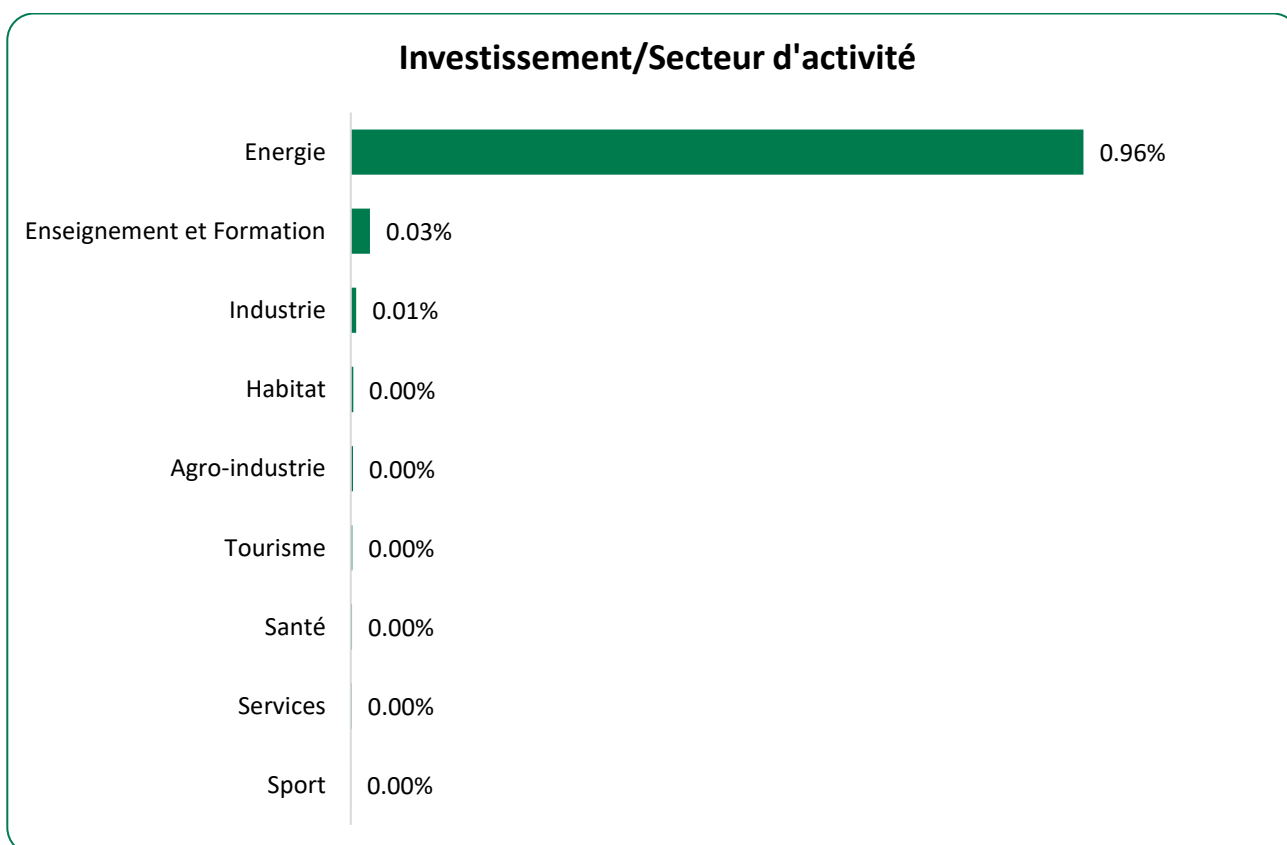

The breakdown of approved files by number of projects shows that 84% of these projects are concentrated in 4 sectors (Services, Tourism, Industry and Agribusiness).

For the first half of the year 2021, 99% of the area has been mobilized for the Energy sector.

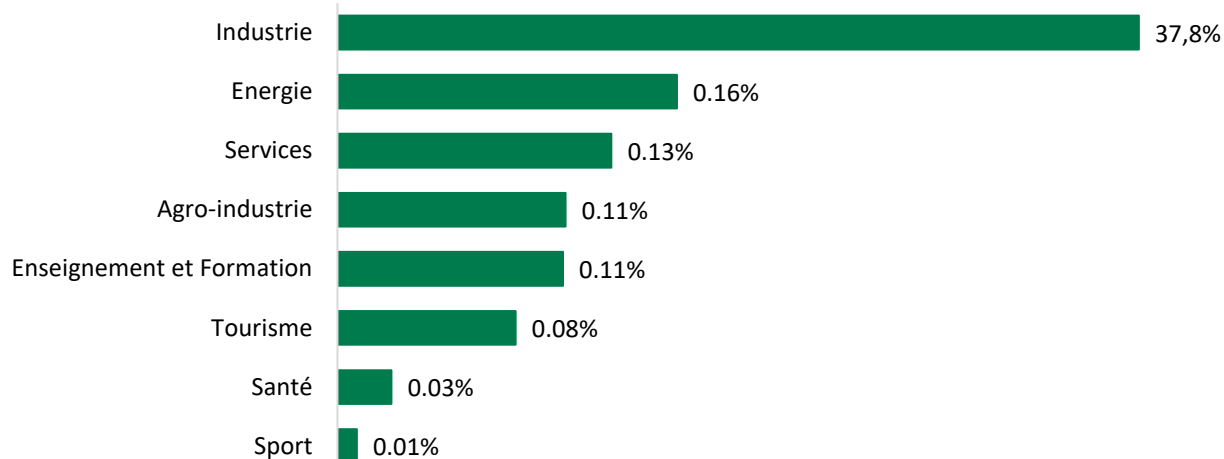

96% of the investment is carried by the Energy sector.

38% of employment is generated by the Industry sector.

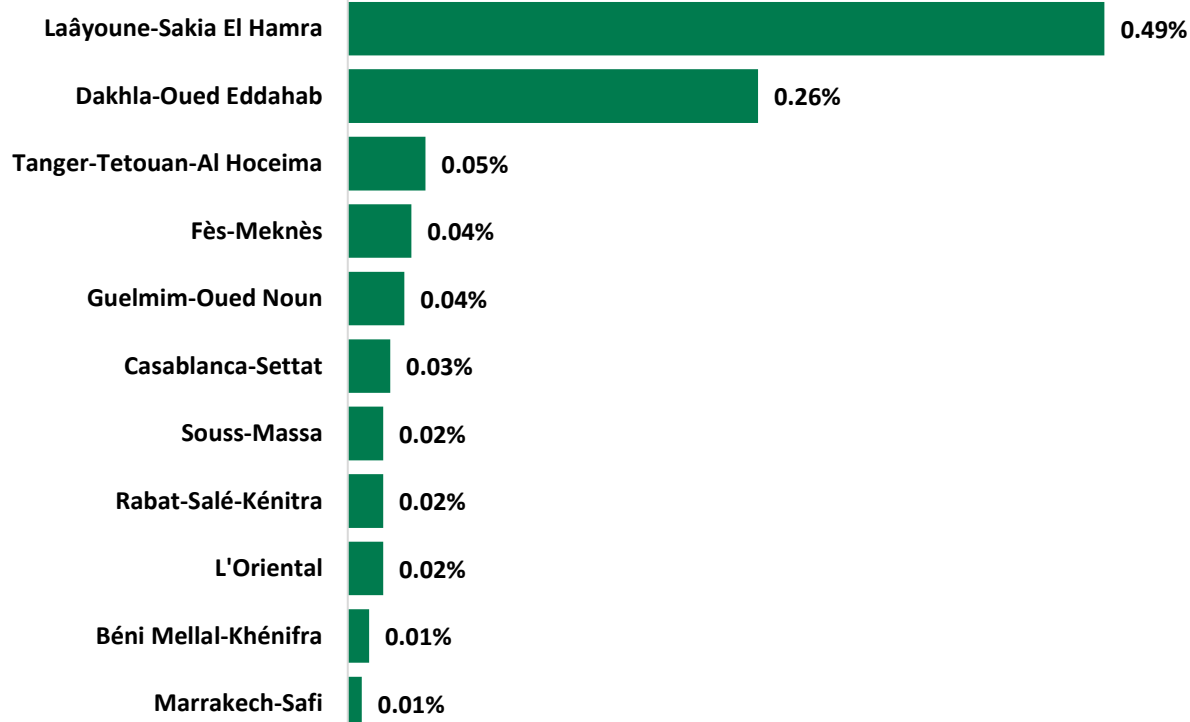

### Emplois/Secteur d'activité

#### 4. Regional declination

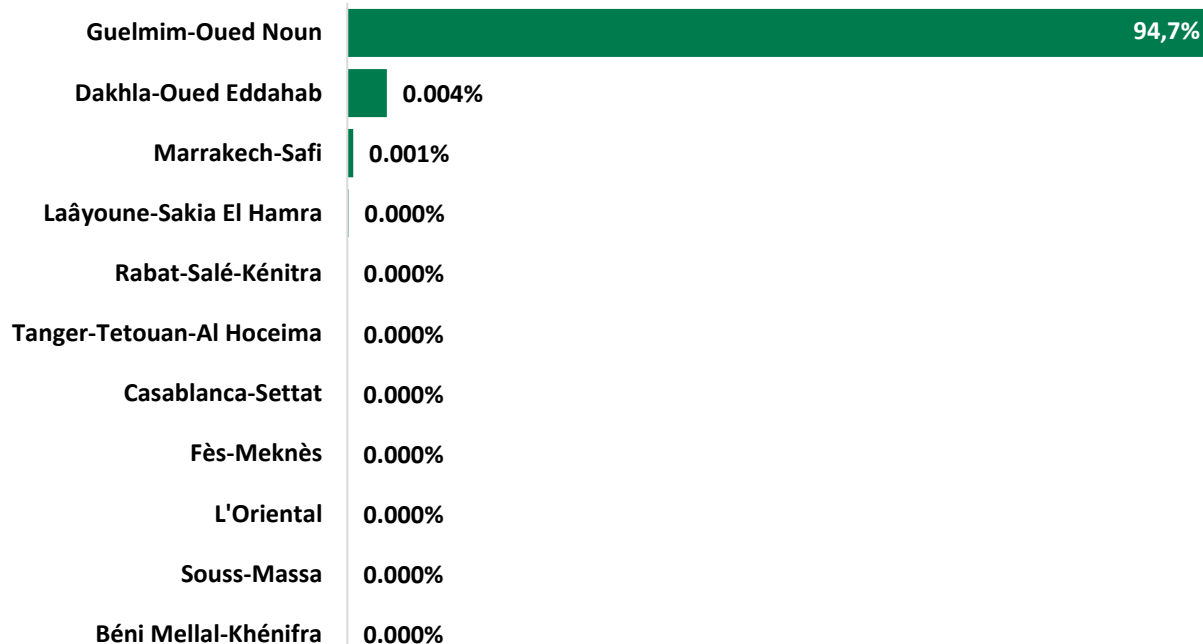

About 76% of projects are concentrated in two regions (Laâyoune-Sakia El Hamra and Dakhla-Oued Eddahab).

### No. of projects

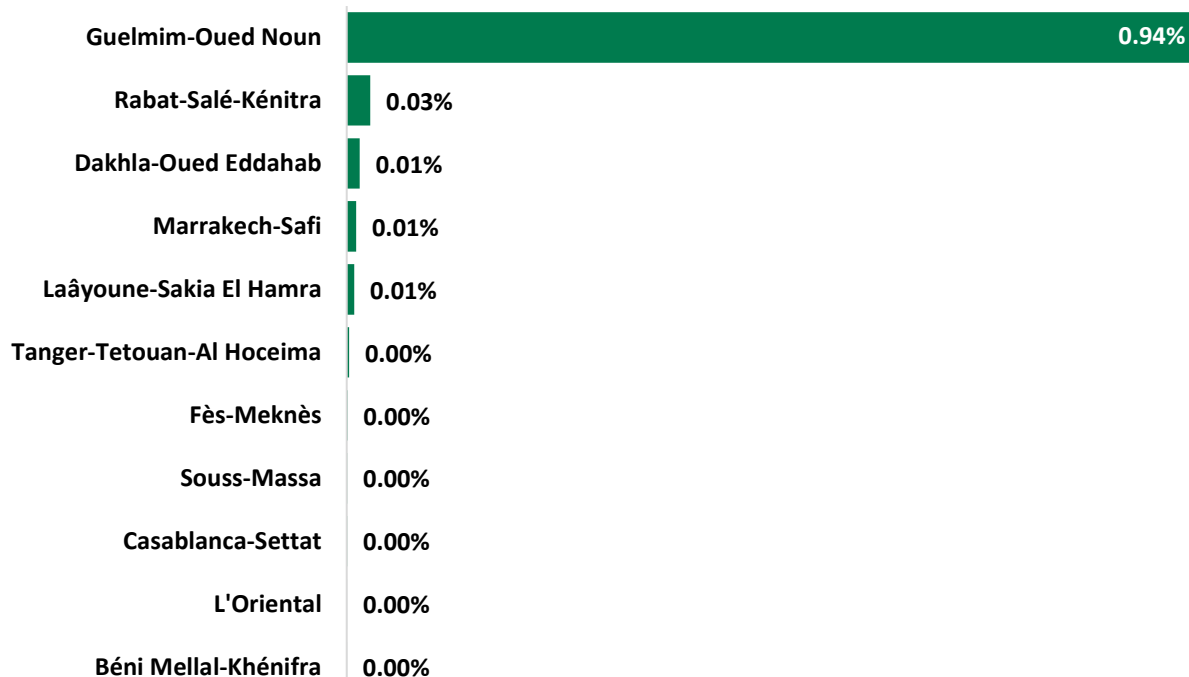

About 95% of the mobilized area is concentrated in the region of Guelmim-Oued Noun.

### Superficie mobilisée

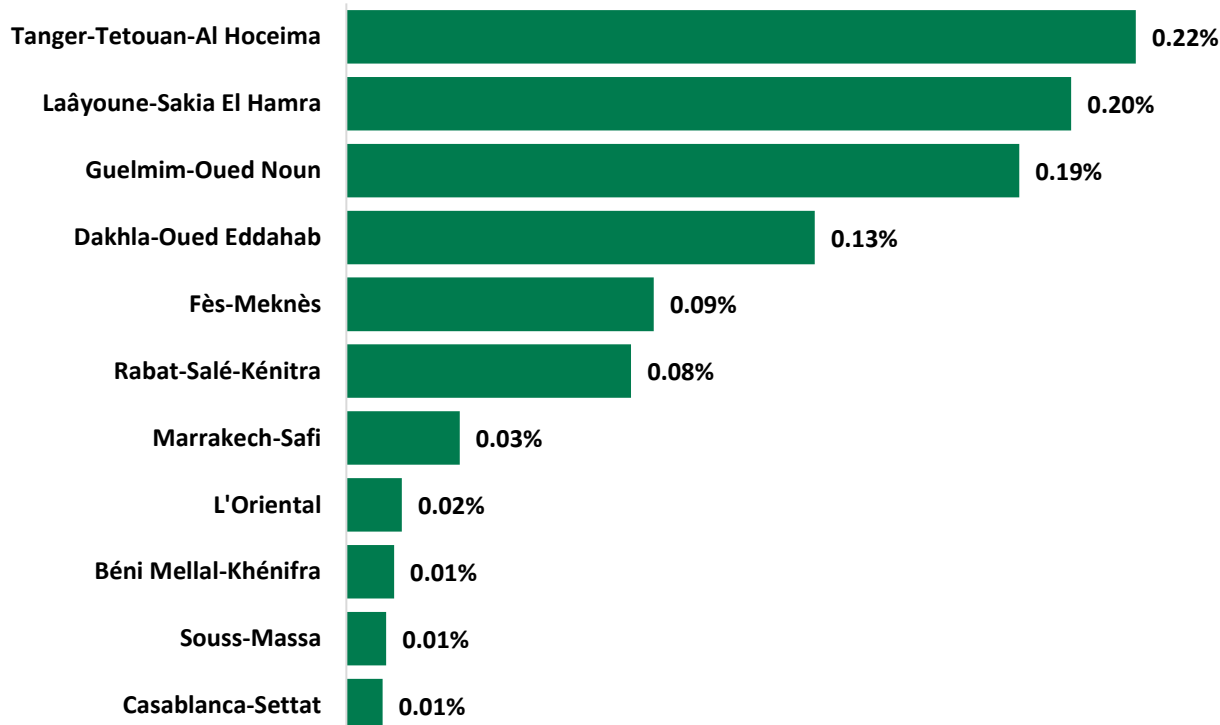

More than 93% of the projected investments are concentrated in the Guelmim-Oued Noun region.

### Projected investment

75% of jobs are concentrated in the regions of Tanger-Tetouan-Al Hoceima, Laâyoune-Sakia El Hamra, Guelmim-Oued Noun and Dakhla-Oued Eddahab.

## Jobs

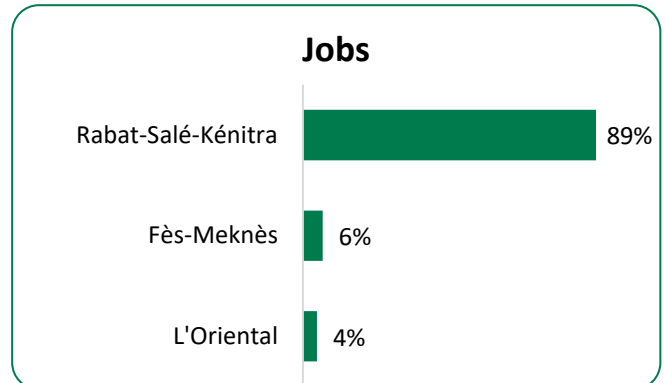

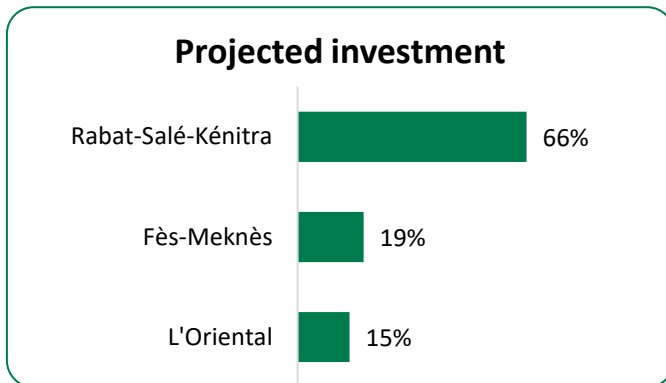

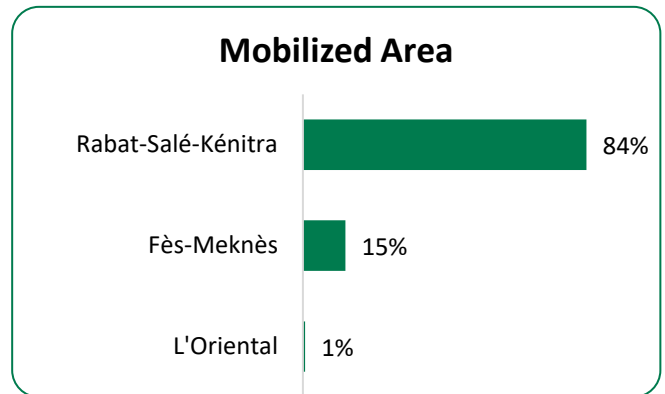

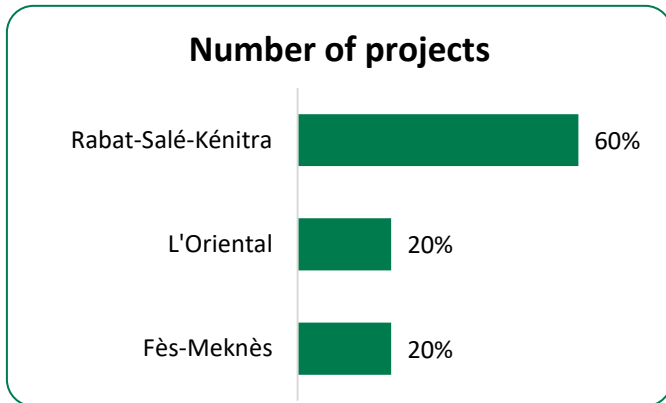

## II. MOBILIZATION OF LAND IN SUPPORT OF THE GREEN MOROCCO PLAN - 1<sup>ST</sup> SEMSETER 2021 -

Under the first half of 2021, 5 agreements have been signed under the agricultural partnership covering an area of 219 Ha, an overall investment of 24 million dirhams and allowing the creation, eventually, 182 jobs expected.

Region	Established conventions	Area	Investment (dh)	Jobs
Rabat-Salé-Kénitra	3	183ha 60a 39ca	16.098.000	162
Fès-Meknès	1	34ha 14a 48ca	4.569.500	12
East	1	1ha 77a 00ca	3.626.560	8
<b>Grand total</b>	<b>5</b>	<b>219ha 51a 87ca</b>	<b>24.294.060</b>	<b>182</b>

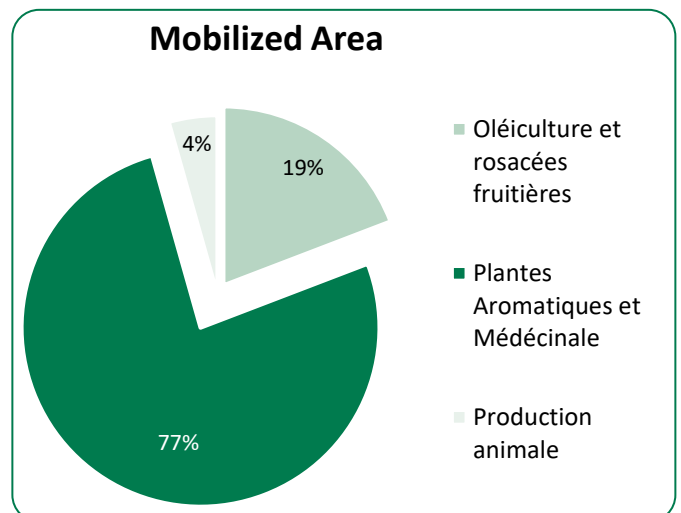

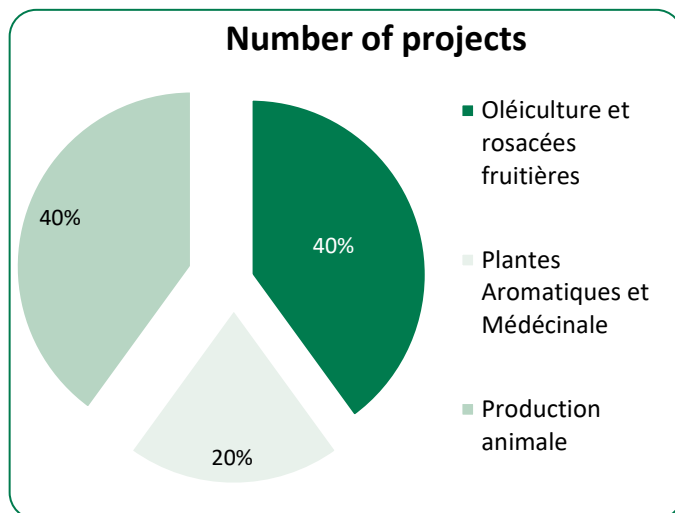

### 1. Regional declination

The regional distribution of projects, under the first half of the year 2021, shows that 60% of projects are concentrated in the region of Rabat-Salé-Kénitra, for a total area of about 183 Ha.

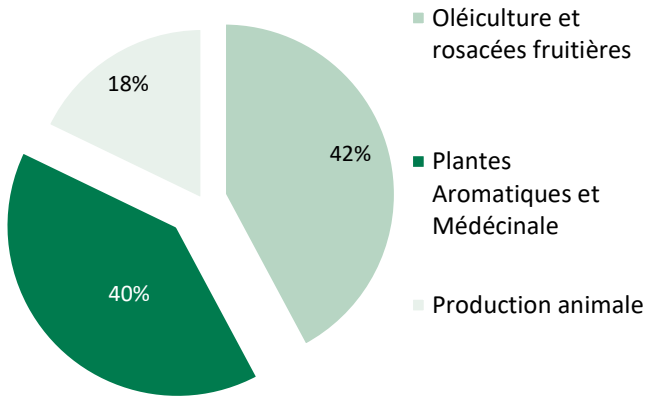

## 2. Breakdown by sector

Under the first half of the year 2021, a single sector concentrates three quarters of the area mobilized (i.e. 167 ha). It is the culture of aromatic and medicinal plants.
